## Teacher Notes

Before beginning the activity, it is helpful to model how to do it. For example, you might choose to model #7 across by writing the following dialogue on the board:

Student A: You use a racquet and a small yellow ball for this sport.

Student B: Tennis?

Student A: Yes, you got it!

Student B: OK, let's look at #1 down. In this game, you use a big, heavy black ball....

Student A: Hmmmm....
